

Renaissancefamily FOUNDATION

OUR GOAL: Improve The Oral and Overall Health and Well-Being Of *Children & Their Families*

The Renaissance Family Foundation is a nonprofit, charitable organization established by Renaissance to improve the lives of children and their families through advocacy, education and philanthropy. To do this, we work hard to provide resources and volunteers that promote maintaining good oral and overall health and well being all year long.

Staggering *Statistics*:

- ✦ The most common chronic childhood disease is tooth decay¹
- ✦ Children miss 51 million hours of school per year due to oral health problems²

Making an Impact

To improve these statistics the Renaissance Family Foundation was founded in 2013 to designate funds to organizations and programs that improve the oral and overall health of children and their families.

Organizations and programs include:

- ✦ Sealant programs for children to protect their teeth
- ✦ Programs for veterans and seniors
- ✦ Blessings In A Backpack Program
- ✦ Red Cross donations for disaster relief
